

HUGO, HENRIK, HILDE

Practical seating

HUGO, the barstool, HENRIK, the stool, and HILDE, the bench, are a family of versatile and minimalistic seating that will complete any room.

HUGO, HENRIK, HILDE Practical seating

HUGO, HENRIK and HILDE are the perfect accompaniment to the MARTA table. Alone or in combination with one another, these seats create a variety of design possibilities. Due to their simple construction, they are very stable and able to withstand the effects of everyday use.

To top off the furniture in our seating range, try our felt toppers made of wool from sheep living in the South Tyrolean valleys. They are made by Helene Brusa using traditional milling equipment from the 19th century and are a completely natural product. Contact us for more information.

Our furniture is made from birch plywood panels. This solid panel material is of a premium quality and a great alternative to chipboard or MDF (fibreboard). It is a long-lasting and is therefore robust enough to withstand the high demands of day-to-day use. Its high solidity ensures that the furniture retains its stability and functionality for years to come.

Produced in Welsberg, South Tyrol.
Concept & Design: Georg Agostini, Lorenz Sternbach

HUGO, HENRIK, HILDE Specifications

The HILDE bench is available in different lengths and can be adapted to fit your table. The barstool HUGO (standard: 34 x 34 x 65 cm) and the stool HENRIK (standard: 34 x 34 x 45 cm) are stackable and easy to store.
