

# VALENTIN Bed

**VALENTIN** is a sleek and simple bed that transforms any bedroom into a calming oasis in the blink of an eye. Reduced to the essentials and without any frills, **VALENTIN** is an aesthetically pleasing and comfortable option for sophisticated, urban living.

# VALENTIN Bed

VALENTIN is a modern and carefully crafted piece of furniture.

Our beds are easy to assemble. Available in two variations, choose between pointed (VALENTIN) and rounded corners (VALENTINA), depending on your tastes. Upon request, the beds can also be made to measure.

The matching bedside tables complete look, as a beautiful yet practical complement to VALENTIN. To further enrich your space, use our adjustable sideboard DANIEL, for example at the foot of the bed as additional storage space. VALENTIN's streamlined design is the ideal addition to any space, it integrates seamlessly with existing furnishings.

For production, we only use durable materials. Our furniture is made from birch plywood panels. This solid panel material is of a premium quality and a great alternative to chipboard or MDF (fibreboard). It is a long-lasting and is therefore robust enough to withstand the high demands of day-to-day use. Its high solidity ensures that the furniture retains its stability and functionality for years to come. Other wood types are also available upon request.

Produced in Welsberg, South Tyrol.  
Concept & Design: Georg Agostini, Lorenz Sternbach
